

LORAG

(Lower Ormeau Residents Action Group)

LORAG is a 'needs led' community development organisation, founded in 1987 to support the residents and community of the Lower Ormeau area. LORAG also has very strong relationships with many Minority Ethnic groupings in the city.

The aim of the 'engaging 4 change' programme is to deliver a project for young people aged 14-20 year olds, who are not in Full Time Education, Employment or Training.

This Project will operate in the Botanic, Ballynafeigh, and Shaftesbury areas. The project is designed to give the participants 6 months of an engaging employability programme that will incorporate work experience, training, qualifications, diversionary work, counselling and voluntary opportunities.
